**AUTOMATED DATA PROCESSING STAFF
WEEKLY REPORT FOR PERIOD ENDING 11 OCTOBER 1988**

I. Progress Report on Tasks Assigned by the DCI/DDCI:

II. Items or Events of Major Interest that have Occurred During the Preceding Week:

A. TECHNICAL GROUP:

1. APS (Accountable Property System on Wang).
Mr. Clayton Williams and Ms. Dottie Wimberly visited with members of the Office of SIGINT Operations, Systems Support Center (OSO/SSC) to brief them on APS and FCS. These briefings were provided in response to a request by the Logistics Officer for OSO/SSC. Following the briefings, APS was installed on their Wang system and a demonstration was provided. Several copies of the APS Users Manual were provided along with a request that, after they have worked with APS, they provide ADP Staff/OL with comments on its applicability to their needs. Representatives from OSO/SSC will be visiting ADP Staff/OL in the near future for a demonstration of FCS.

B. CLAS:

The Inventory Control System (ICS) to Bill of Materials (BOM) conversion program was successfully completed during the weekend of 7 - 9 October. The ICS data was loaded into the IDMS production database and the COM application software is now being installed. After installation, the CLAS Supply Team and the OIT Technical Staff will monitor BOM system updates that will simulate an assortment of production transactions. Their transactions will provide the final test tools required to validate the integrity of the BOM to ICS interface in a production environment.

III. Significant Events Anticipated During the Coming Week:

IV. Perspective of Staff Activity:
